

To Whom It May Concern:

I have known Euel and Esther Nordin and their family my entire life. I am writing to confirm Euel's story as depicted in Chapter Two of "The Audacity of Prayer".

I vividly recall the events that unfolded on July 23rd of 1963. The logging accident that almost claimed the life of Euel Nordin was widely known. Those of us who were close to the family had a front row seat to witness the miracle that took place. It seemed that no one expected Euel to survive, including the medical community, but what we witnessed was nothing short of an absolute, unmistakable miracle of God.

I have personally read Chapter Two of "The Audacity of Prayer" and have found it to be extremely accurate.

Sincerely,

Molly Hawkins

To Whom It May Concern:

My name is Lavond Caudell. I am writing this letter to attest to the accuracy of Chapter Two of the "Audacity of Prayer".

I was an eyewitness to the events of that horrific day on July 23, 1963 when Euel Nordin was involved in a near fatal logging accident. Euel and I were working together on that day and I heard him scream for help. I rushed to see what I could do and was horrified by the sight of the injuries of my friend. No one thought he would live. The diagnosis from the doctors and hospital were not any different than the opinions of those of us who witnessed this accident first hand.

There is absolutely no doubt in my mind that apart from the miracle working power of a sovereign God, Euel would not have survived that accident. Because of the faithfulness and grace of God he has lived more than fifty years beyond that horrific day. Today, I live near Euel and can attest to the fact that despite this accident, he is almost 82 years old. He is still pastoring a church and continues to do construction work.

Sincerely,

Lavond Caudell
